

Cape Romain

Environmental Charter School
Responsibility • Diversity • Excellence

The Cape Romain Environmental Charter School Steering Committee is currently seeking input from families from McClellanville, Awendaw and the surrounding areas to gauge the level of interest in potentially starting a new public charter school to serve the area.

Important things to remember about Charter Schools:

- They are public schools.
- They are free to attend.
- They do not have admissions tests or other barriers to entrance.
- They are financially accountable non-profit corporations.
- They have autonomy from their school district.
- They bring innovation and resources into the classroom where they belong.

If you have school aged children and would be interested in potentially attending a new school in the area please fill out the questionnaire & return to: POBox 625; McClellanville, SC 29458
